Mr. George Chakyamuri.—This Council recommends to the Government that in cases where more than one house is served by the same service connection a free allowance calculated at the separate independent rental of each house and subject to a minimum of 100 gallons of water may be given to each house owned by one house-owner in one and the same compound".

4. Shifting of the Chittur Munsiff's Court and Magistrate's Court.

Mr. K. G. Nayar.—This Council recommends to the Government that the Munsiff's Court and the Magistrate's Court of Chittur now situated at Annampulli be shifted to a place near the Chittur Thara at a convenient place. I do not think any speech is necessary from me to commend this resolution. Those of the Hon'ble Members on the Treasury Bench who have had the good fortune or the misfortune to serve in the Chittur Taluk will know the difficulty. Many representations have been made by the people of the Taluk, by the Bench and the Bar. I think no Government would like to see their officers cut down by Malaria or Influenza and the consequent depression of energy. I request that this resolution may be kindly accepted by the House.

Mr. T. A. Ramachandra Ayyar.—I second it.

Mr. M. D. Narayana Ayyar.—We have now erected a new building for the Girls' School. There is a proposal to utilise the old Girls' School building for housing the primary classes which are at present held in a Government building on the road side. When that is accomplished this building will be available. This question is pending the personal inspection of the locality by the Diwan who will be very likely inspecting the place by the end of this month. Then the question will be decided.

Mr. K. G. Nayar.—On the strength of that assurance, I withdraw the resolution.

Resolution withdrawn with leave.

The House rose for the day at 5 p. m.
